M. W. WEBSTER'S MOVEMENTS, ETC.

WASHINGTON, June 29, 1852.

Mr. Webster will leave to-morrow for his farm in Franklin, New Hampshire, where he will spend a fortnight; if the death of Mr. Clay does not alter his arrangements. He will go from Franklin to Marshfield, where he will subsequently be joined by the British Minister, for the purpose of negotiating some treaties of great importance.

When invited to speak at the ratification meeting on Monday evening, Mr. Webster said that "he thought he was too old a man longer to be a soldier—the young men must do the fighting." To his friends he joyously observed that he thought he should not be an "available" speaker.

MR. WEBSTER AND THE MISSION TO ENGLAND.

WASHINGTON, June 29—10½ P.M.

I am assured, on very high authority, to-night, that Mr. Webster is certainly going to England.

Resignation of Secretary Graham.

The Hon. W. A. Graham, the whig nominee for the Vice Presidency, has resigned his post as Secretary of the Navy, but will continue to act for a few days, at the solicitation of the President.

Whig Ratification Meeting at Boston.

BOSTON, June 29, 1852.

The whigs of Boston and Suffolk county assembled in Faneuil Hall this evening, to ratify the Baltimore nominations. The Hall was filled at an early hour; but it was nearly half past eight o'clock when the committee of arrangements and speakers appeared. As they entered the door, three deafening cheers were given for Webster, whose numbers were present in strong force.

W. T. Burris called the meeting to order, and the Hon. Robert C. Winthrop was chosen President, with the Hon. Robert G. Shaw and fifty-nine others as Vice Presidents.

Mr. Winthrop, on taking the chair, said that the public state of his health and the melancholy news from Washington, would, upon almost any other occasion, have kept him at home. He paid a glowing tribute to the memory of Henry Clay, which the audience received in appropriate silence. He next adressed to Daniel Webster, and remarked, "that principles never die." After a short speech of general interest, the whig party almost triumphed, the other agitators could not move, unless they entered at some back door. The arrival of Gov. Cobb was unexpected, and he was received with a perfect storm of applause by the assembled democracy.

Jersey City Intelligence.

ELIJAH COBB, ALDERMAN.

The election for seven Aldermen took place yesterday in this city, and resulted as follows:

First Ward.—James Narine (whig), re-elected; received 172 votes; he is 75 years over Peter D. Vroom, his opponent, a temperance democrat; Walter Rutherford (whig), in place of George S. Shriver, also received 172 votes.

Second Ward.—John C. H. Smith (whig), re-elected; received 193 votes; John C. H. Smith (whig), re-elected by a majority of 112; J. D. Miller (whig), re-elected by a majority of 122 over his opponent, C. V. Traphagen (whig), re-elected by 238 votes—no opposition.

The election was close, and the result was a tie.

A series of resolutions were adopted, of which the following was the first:

Resolved, That the whigs of Jersey and of the county of Essex, in their present assembled, now and declare their adherence to, and their intention to remain with their brethren throughout the Union, to maintain those great principles of freedom, equality, and justice, which are the recent war National Convention of Baltimore; and as the only way of doing them, equally now, and declare that the whigs of New Jersey, will, in their judgment, do that convention, as the properly constituted organ of the whole party of the United States.

The whigs of Jersey, of Boston, of the organization of the National Convention in Indiana, and to the cordial support of Scott and Graham.

Towards the close of the proceedings considerable disturbance took place. Three groans were given for the Vice Presidents, at Colonel Schenck, who was one of the Vice Presidents.

The meeting adjourned at half past ten o'clock, amid cheers for Scott, Graham, and Webster.

A resolution was read and adopted, paying an express tribute to the memory of Henry Clay.

Scott's Nomination in Georgia.

RICHMOND, June 28, 1852.

The Savannah Georgians (democratic) states its belief that a great majority of the whigs of Georgia will go with Messrs. Dawson and Granland, for General Scott; and that if Messrs. Cobb, Toombs, and Stephens, of the Union party, form a third ticket, and thus divide the democratic vote, the State will go for Scott.

Democratic Convention at Portland.

OPPOSITION TO THE NOMINATION OF GOVERNOR HUNTER.—THE MAINE LIQUOR LAW, ETC.

PORLAND, Me., June 29, 1852.

A mass meeting of that portion of the democracy of this State who are opposed to the re-election of Governor Hubbard, and who are aggrieved at the manner in which he was renominated for the office, vis., by a legislative, instead of a people's convention, assembled at the City Hall, to-day. About one thousand were present.

Hon. V. B. Pratt called the meeting to order, and Judge Edward Fuller, of Kennebec, was chosen President. Many eloquent speeches were made, in which the Maine liquor law was denounced, and Governor Hubbard's action in not voting it, severely criticized.

The Hon. V. D. Parker then announced that the Committee on the candidate had unanimously reported the name of Amos G. Chandler, of Tafta, for Governor. The report was received with complete unanimity, and six hearty cheers were given for the nominee.

Mr. McLean of Parsonsfield, and John C. Talbot, of Mechanic, were reported as candidates for state electors. Among a series of resolutions adopted, was the following:

Received, That we, the people here assembled, are especially gratified at the opportunity of publicly and emphatically vindicating the security of property, the right of the slaves, and the sanctity of his house, and that we recognize the law passed by the Legislature of this State, against the Slave Power, as the true law of the land, and that we are anxious to see the State vindicate their rights at the polls, by supporting the nomination for Governor.

The meeting then adjourned, with three cheers for Peace and King.

Most Awful Disclosures.

CONFESSION OF HAVING COMMITTED EIGHTY MURDERS AND HAVING BURNED THIRTY HOUSES.

PHILADELPHIA, June 29, 1852.

A Polander, who has had an interview with the brothers Skupinski, in the county prison, made the following developments to-day, before Major Gilpin, being the substance of a confession made by the condemned—Mathias Skupinski said he killed young Lehman by striking him on the head with a stone. Blaise, his brother, was present, as well as Kayser, (whose real name is John Rothweiss,) still at large.

Mathias also said the party had killed a farmer, and family of six persons, near Newark, and afterwards set fire to the premises, having obtained \$75 and some jewelry.

He also confesses to a murder near Baltimore, and said that they had murdered many eighty persons, and burned thirty houses, since their arrival in this country.

This confession is so extravagant as to lead to the suspicion that he is insane.

He expressed his confidence in escaping through the aid of Kayser, and designed murdering all concerned in his arrest and conviction, besides numerous persons in New York.

The Parkersburg Railroad.

BALTIMORE, June 29—P.M.

A large meeting of the citizens was held this evening for the purpose of responding to the action of the City Council in relation to the Parkersburg railroad.
